

3 Steps to Simplicity

1

Walk Simply –

Which means no matter what happens I accept it with simplicity & I don't look into why.

No matter what is said—no matter what somebody does to me, I accept it.

2

Knowing It Will Be Good –

Know that no matter how it appears it's coming from the Creator & ultimately will be good.

3

Don't Worry About the Future –

The third level is don't worry. Not about the future and not trying to figure out the future.

Trying to figure out the future separates us from the Creator.
